R. D. WILLIAMS, Observer.

Personal and Social.

Edgar and Joe McGrady were making syrup last week.

There was some white frost early Monday morning—the first of the season.

James W. Long is doing a big grocery and meat business, and every week adds to the volume.

Mrs. Smiley and daughter of Fruitland are now living in the Sanders home just south of town and on the Seville road.

Mr. and Mrs. O. Pierre Havens of Jacksonville came up on Saturday to spend a few days with Capt. and Mrs. Ivory.

Capt. and Mrs. John D. Pigue and family and Mrs. E. J. Harper went to Palatka and back last Monday on Capt. Pigue's launch.

Rev. Dr. Kilburn, a former missionary of the Presbyterian church, is here for a time, the guest of Rev. and Mrs. J. C. Dorward.

Mrs. Henry G. Hubbard and two youngest children, Alice and Guernsey, arrived last Sunday and are at Hubbard park for the winter.

The Crescent carried out over 1,000 boxes of grapefruit and oranges on Friday the 1st, and about the same number on Monday, the 4th.

Mrs. R. C. Ivory and granddaughter, Miss Ethel Lee, of Worcester, Mass., arrived last week, and with them was Master Walter Lynch.

James T. McGrady of Denver brought to town on Saturday a barrel of new syrup made on his own place last week. It's good.

Chase & Co have a big force of men sizing and packing fruit in the old warehouse next to the Crescent's landing and during the past 10 days have been packing the Hurlbut crop.

W. F. Glynn of Boston has terminated his visit and returned to his home. During his stay Mr. Glynn made arrangements with Her E. Babers to ship his fruit, estimated at about 2,500 boxes.

A small blaze in the roof of their home was discovered one morning last week by Mrs. Howard Mathis, who with the help of the children was able to put it out.

The Hawk Creek Security Grove Company has been sending forward some excellent fruit. Over 150 boxes went out on the Crescent Monday morning consigned to S. B. Downes & Co., New York.

Ignorance of the law is no excuse—but why remain ignorant when you can buy a neatly printed pamphlet containing the codified laws of Crescent City for 15 cents. Town Clerk Paul C. Smith has them.

The young people are arranging for frequent dancing parties at V. I. A. Hall. A good sized party assembled on Thursday evening of last week and some pleasant dances were held to music furnished by W. C. Carrier.

Mr. and Mrs. Frank Buck arrived last week and are again at Grove Hall. They have spent the summer season as usual in Philadelphia and environs and at Atlantic City, and are both in excellent health. Mr. Buck has a fine crop of fruit on his grove.

Mr. and Mrs. Chas. P. Hale of Denver, Colorado, arrived last week and are pleasantly quartered for the season at Grove Hall. Mr. Hale has had a large packing house built on his grove, and will soon begin shipping a big crop of fruit.

L. S. Dearing, representing Chase & Co., the orange brokers of Jacksonville, is here looking after shipments for his firm, and is again at the Turner House. Mr. Dearing made many old friends during his stay here last winter, all of whom are glad to see him back.

The V. I. A. will resume its regular monthly meetings and the first of the series will be held at the hall next Monday afternoon at 3:30. Mrs. C. L. Preston, secretary, earnestly requests that all the members be present at this opening meeting.

Mrs. Vandegrift of St. Augustine with her interesting family of little children, is here for a time and the guest at the home of her brother, Mr. Howard Mathis. Mrs. Vandegrift was formerly Miss Sadie Mathis of Huntington and is pleasantly remembered here by a large circle of old friends.

The "Alma May," E. M. Robinson's new launch which is anchored in the lake just off south park, will soon leave for the east coast, either St. Augustine or Miami—where Mr. Robinson will engage in the excursion business. This launch, which is 60 feet in length and 15 feet beam, carries a 20 horse power engine and her cabins are finished in beautiful red cedar and black eypress. It is a magnificent launch, and the principle work in its construction was done by Mr. Robinson during the past summer.

Mr. and Mrs. C. D. Smith arrived last week and are rapidly getting their new bungalow home on south Prospect street in order for occupancy. This pretty home is the admiration of all our people. Mr. Smith is expecting the furniture to arrive this week. In the meantime he has fitted up an office in one of the rooms, and with a modern Remington is conducting his correspondence—both business and otherwise—with his friends in the north.

Some one has been playing a joke on our good friend John A. Crosby of San Mateo. Mr. Crosby is editor of the San Mateo Item and also a member of the Florida Horticultural Society. As such he is attempting to gather statistics of the citrus fruit yield by counties and localities which he is publishing in sections from week to week. Last week he published what some one has informed him to be the yield of the Crescent City section for last season and this—by individual growers. Not over one-half the growers or groves are mentioned, and many of them would not recognize who was intended by the names given. For instance W. F. Glynn is mentioned as "Wm. Glynn" of Boston. It would probably surprise Mr. Glynn to know that he had but 500 boxes last year and that he will have but 1,000 this. He has just gone over his grove carefully and has estimated his crop at 2,500 boxes. It will probably surprise Mr. A. P. DeWolf to know that he has 300 boxes more this year than last. He has all along been laboring under the impression that his crop this year is much smaller than last year. L. A. Hurlbut, according to the statistics, had 2,000 boxes last year and is credited with the same number this. Of course a little matter of a thousand or more boxes one way or the other in statistics will not affect Mr. Hurlbut's income. "W. E." Buck is 400 boxes better. These are only a few of the sample items that some one has imposed on Mr. Crosby. It is too bad. Mr. Crosby is doing his best to secure statistics that will have a value. They can't have that without a show of accuracy. His attempt shows the futility of trying to do the work through correspondence.

For the encouragement of Mr. Crosby the News will state that of the items presented, neatly, if not quite one-half of them are accurate, or in line with generally known estimates of owners and expert estimators like J. B. Shiver and others. The other half will have no value whatever, for the reason that it has no show of accuracy. Then fully one-half of the growers in and about Crescent City are not mentioned at all.

Geo. W. Carpenter Dead.
The News has received copies of the Port Chester, (N. Y.) Daily Record and the Daily Item, each containing extended notices of the death of Mr. Geo. W. Carpenter, a prominent citizen of that town. Mr. Carpenter in former years spent a part of several winters in Crescent City and was a guest at Grove Hall. During his stay here he came into close touch with many of our citizens and all were charmed with him. His death is greatly deplored by all his old friends here. Mr. Carpenter was a contractor and his firm was the largest concern of its kind in the section of country where located. He once owned a large part of the Palisades, opposite New York, from which he was taking stone until the site was purchased by the states of New York and New Jersey. Mr. Carpenter had been a life-long democrat and always had a deep interest in the affairs of his town.

The Daily Item says of him: The late Mr. Carpenter was one of the best known citizens in the town, and was held in the greatest esteem by everyone that knew him. He numbered his friends by the thousands. He was one of the most successful business men that the town boasts of, and was actively engaged in real estate matters up to the time of his last illness. He was a self-made man and won his success by hard, painstaking work and keeping abreast with progressive ideas.

The Daily Record also pays the following tribute to the deceased: In the death of George Washington Carpenter, which occurred at our o'clock yesterday afternoon at his late residence on King street, there passes from our midst a most valued and highly esteemed citizen, and while his many friends were somewhat prepared through his long and continued illness, the news of his death was nevertheless a shock. George Washington Carpenter was in a way a remarkable man; placed as a boy on his own resources, he carved his way into prominence through persistent effort, and at his death was possessed of considerable property, while at the same time he held the respect and love of all who knew him. He was honest, straightforward and upright, a splendid type of man and citizen.

ALWAYS WAS SICK.
When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and here's what it did for me." Sold by Ackerman-Stewart Drug Co.

For a mild, easy action of the bowels, a single dose of Doan's Regulator is enough. Trementum, a mild laxative, is contained in 25 cents a box. Ask your druggist for them.

LAKE COMO.

Mr. and Mrs. Ed. F. Sullivan arrived safely from Northport, L. I., and they are glad to be home again. Mr. Sullivan is suffering from a heavy cold contracted on the way down.

Mr. and Mrs. W. L. Diggert and son, Lawson, of Seabreeze, are the guests of their parents, Mr. and Mrs. J. F. Gable. They formerly lived here at "The Heights," and their many friends are glad to see them, this being their annual visit to Como during Mr. Diggert's vacation.

Mr. and Mrs. Thos. Carson are expected this week from Crosswell, Mich., and everyone will be delighted to see "The Mushroom's" hospitable doors open again.

Miss Sue Carson and brother, Sam Carson, from Crosswell, Mich., and sister, Mrs. Phoebe Betts from Syracuse, N. Y., are expected this week. They will occupy the Davies cottage for the season. The Comites extend a cordial welcome to them.

Mrs. Davies and granddaughter, and Miss Carrie Harmon, are occupying the parsonage for the present.

Horace Prior is busily engaged in shipping his fine crop of fruit.

There was preaching in the M. E. church Sunday a. m. by Rev. Mr. Chippen, owing to the indisposition of the pastor, Alfred Yearley led the Epworth League meeting in the afternoon.

Mrs. J. D. Mitchell is expected home this week.

The Como friends of Mr. and Mrs. Joe Tucker of Pomona sympathize with them in the loss of their home and belongings by fire recently.

There is no reason why your baby should be thin and fretful during the night. Worms are the cause of this, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicines, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. For sale by Ackerman-Stewart Drug Co.

Mean Thing.
"I really must get to my room," said the first college girl. "I can't afford to keep late hours, must preserve my complexion, you know."

"The idea!" exclaimed the other. "I thought the kind you bought was already preserved."—Philadelphia Press.

Independent.
"I thought you were married, and yet you're sewing on your own buttons."

"I am married, but I keep my independence, let me tell you."—Meggendorfer Blatter.

LETTER TO A. C. PHILIPS,
Palatka, Fla.
Dear Sir: It simmers down to this: Every boy painted Devos takes less gallons than of any other paint. If not, no pay.

Yours truly,
F. W. DEVOS & CO

The Origin of the Word Filibuster.
The name "buccaneer" was chiefly affected by the English adventurers on our coast, while the French members of the profession often preferred the name of "filibuster." This word, which has since been corrupted into our familiar "filibuster," is said to have been originally a corruption, being nothing more than the French method of pronouncing the word "freebooters," which title had long been used for independent robbers.

Cure Your Dandruff
Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Cure it, and save your time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Does not change the color of the hair.
Formula with each bottle.
Show it to your doctor.
Ask him about it, then do as he says.

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.

Insulted.
Eph—What were de matted wif Sal an' dat druggist? Rufus—Why, she wanted some complexion powder, an' he gib her powdered charcoal.—Illustrated Bits.

Sappers kill more than the greatest doctors ever cured.—Scotch Proverb.

LAKE COMO.
Miss Rhoda Johnson is attending school at Crescent City.

Mrs. W. S. Middleton and children spent several days in Welaka last week.

Mrs. A. C. Smith and Miss Carrie Greene of Green Cove Springs were guests of friends in town Saturday and Sunday.

Miss Francis Mobley spent Saturday and Sunday with her mother at Hastings, returning in time to open school Monday.

J. T. Tucker had the misfortune to lose his house and its furnishings by fire on Saturday afternoon. The loss fortunately is covered by insurance.

Rayford Middleton and family have arrived from Webster, Florida. They will make this their home. Mr. Middleton having secured a position here.

Hallowe'en passed off in a very pleasant manner for the young people who gathered at the hall in the evening where games, doling, by witches, ghouls and ghosts abounded until a late hour. Delicious refreshments were served, and every body present had a delightful time.

George H. Leonard of Jacksonville was in town last week looking after his property here.

Mrs. C. H. Worcester and Doris have returned from a pleasant trip to Kentucky.

Mrs. R. C. Middleton of Denver was a visitor in Pomona Saturday.

The orange shipping by Chase & Co. is progressing with a rush, a carload being sent every day. They have purchased the majority of the crops in this section, and the packing house is a busy place, which looks like "old times."

Proposals for Paving.
Sealed proposals will be received by the Board of Bond Trustees of the City of Palatka, Florida, at the office of the Chairman until 12 m., TUESDAY, December 3rd, 1907, for grading an area approximately 22,500 square yards and for furnishing and placing in position approximately 100,000 feet of granite curbing and 54 circular granite corner stones of a radius of 4 feet, or curb and gutter of plain concrete, or curb and gutter of concrete, steel protected, and for furnishing on the street and for laying 22,500 square yards more or less of vitrified paving brick or blocks of some standard brand with which to pave Water Street from Main Street to Laurel Street and Lemon Street from Water Street to Twelfth Street. All work and material to be in accordance with the plans and specifications on file in the office of the City Engineer.

Final payment will be based on the area of pavement when finished and accepted as per measurements of the City Engineer. The City portion of the money is in hand. Two-thirds of the money to be paid in cash on completion of the paving in front of the property to be charged, and one-third thereof within six months thereafter. Certificates for the deferred one-third will be issued by those who do not pay in full, guaranteed by the City, which shall be a first lien on the property. Interest on the loan shall bear interest at the rate of six per centum per annum.

All bidders are expected to bid for the three different kinds of curbing, viz.: granite, concrete curb and gutter plain, curb and gutter of concrete, steel protected, and for furnishing on the street and for laying 22,500 square yards more or less of vitrified paving brick or blocks of some standard brand with which to pave Water Street from Main Street to Laurel Street and Lemon Street from Water Street to Twelfth Street. The delivery of said paving blocks and granite curbing to begin within thirty days after the letting of the contract and the entire work to be completed in 150 days from the letting of the contract.

A certified check for the amount of One Thousand Dollars, made payable to E. S. Crill, Chairman of the Board of Bond Trustees, must accompany the bid. The Board of Bond Trustees reserve the right to reject any or all bids. Envelopes to be marked "Bids for Brick Paving."

The City of Palatka has also passed "An Ordinance to amend Section 7 of an Ordinance of the City of Palatka, entitled 'An Ordinance to provide for the paving and repaving streets in the City of Palatka,' passed in open council on the 21st day of August, A. D. 1907."

Now therefore this notice is for the purpose of notifying the owners of lots or parts of lots fronting on Lemon Street from the intersection of Water Street to the East side of Rose Street and also the owners of lots or parts of lots fronting on Water Street from the South side of Main Street to the North side of Laurel Street, that they must pave the same with some standard grade of vitrified brick and must use Granite Curbing and gutter of plain concrete, or curb and gutter of concrete, steel protected. Plans and specifications can be found in the office of the City Engineer, and in the manner in which said pavement shall be laid. Said curbing and paving must be completed within thirty days from the date of the expiration of the time for advertising as provided by said ordinance; the owners of all lots or parts of lots shall pave to the extent of one-third of such street and where the same person owns abutting property on both sides of said street the owner or owners shall pave two-thirds of such streets abutting on such property. Failure to pave and place in position the curbing required by said ordinance the Board of Bond Trustees will proceed to contract for having the work done under the ordinance referred to and the City Council will require all such owners of property abutting on the streets named to pay their proportionate share of the cost of such paving as provided in such ordinance.

E. S. CRILL,
Chairman, Board of Bond Trustees,
October 21, A. D. 1907.

Executor's Notice.
Notice is hereby given that six months after date hereof, to-wit: On the 1st day of January, A. D. 1908, I, as executor of the last will and testament of J. P. Esina, deceased, will file my final account and vouchers as such executor in the office of the County Judge of Putnam County, Florida, and ask to be discharged from the further administration of the estate of J. P. Esina, deceased.

ANTONIO USINA, Executor.
July 1st, 1907.
